Dick:

Attached, in response to your request, are materials relating to COMIREX activities over the last several months. They include minutes of regular COMIREX meetings, and those from the two major subcommittees -- exploitation, and collection guidance. These will help give you a feel of some current activities.

When you have looked them over, we can chat about the material you might wish to receive regularly, and discuss how you may want to tie-in with COMIREX activities.

MEMORANDUM FOR: FRANK

Do you know anything about adding AEC to the Minutes distribution? A [REDACTED] called today for [REDACTED] was tied up and Mr. [REDACTED] left a message "Reference telephone conversation ten days ago, we are still looking forward to receiving COMIREX Minutes." As an aside, he added "We're trying to decide whether to take up our seat on COMIREX."
